Cardui has done me more good than any medicine I ever took in my life. I can't possibly praise it too highly. You need not be afraid to take Cardui. It is no new experiment. For fifty years, it has been found to relieve headache, backache, and similar womanly troubles. Composed of gentle acting, herb ingredients, Cardui builds up the strength, preventing much unnecessary pain. Try it for your troubles, today."

#### Annoyed By Picnickers.

The practice by picnickers of lunching at Edward's Mill, a few miles East of the city, has become very objectionable to the owner of the mill. Picnic parties, Mr. Edwards says, are in the habit of visiting the premises at night and after partaking of lunch they leave quantities of paper, scraps of food and empty bottles on the mill platform, necessitating a general cleaning up of the premises by the mill employees or the owner the next morning. These visits are proving very annoying to Mr. Edwards and if not discontinued he will be forced to the necessity of placing a watchman on the mill grounds to protect his property.
